EDUCATION

UNIVERSITY

Dhana Lakshmi Srinivasan University
2022-2026

INTERMEDIATE

Narayana Junior College
2020-2022

SCHOOLING

Bhashyam public school
2020

EXPERTIS

- Ethical Hacking
- Web Penetration Testing
- API Penetration Testing
- Hands on Tools
- Cloud Security
- Threat intelligence
- APP Penetration Testing

PROFILE SUMMARY

Motivated and detail-oriented Cybersecurity graduate with a solid foundation in network security, threat detection, and incident response. Proficient in using tools such as Nmap, Wireshark, and Splunk for vulnerability assessment, traffic analysis, and log monitoring. Demonstrates strong problem-solving skills and a continuous learning mindset, reinforced by hands-on experience through multiple cybersecurity internships and academic projects.

Developed a Fraud Detection and Reporting System incorporating behavioral analysis and anomaly detection techniques, integrating both traditional security checks and basic machine learning approaches. Skilled in scripting with Python and Bash, and building secure web applications using HTML, JavaScript, and MySQL.

KEY SKILLS

SECURITY

Network Security & Protocol Analysis, Vulnerability Assessment & Penetration Testing, SIEM (Splunk - basic), Incident Detection & Response

TOOLS

Nmap, Wireshark, BurpSuite, Maltego, Kali Linux, Parrot OS

WEB TECHNOLOGIES

HTML, JavaScript, MySQL

SCRIPTING

Python, Bash

PROJECTS

- Fraud Detection in Transaction and Reporting System**
 - Developed a system to identify and report fraudulent transactions using behavioral analysis and anomaly detection.
 - Incorporated basic machine learning and security checks to enhance fraud prevention.

INTERNSHIPS & CERTIFICATIONS

Completed multiple internships focusing on Ethical Hacking, Network Security, Security Policy Auditing, and Incident Handling & Response.
